

## **OSHA Respirator Questionnaire Instructions**

Class of 2027,

We are writing to remind you of the mandatory N95 mask fit testing requirement that all UMSOM students must complete. To ensure compliance, please carefully follow the steps outlined below:

- 1) **Complio ADB immunization tracking platform:** You will receive a welcome announcement from Complio ADB to your SOM email address after July 1st, 2023, with further instructions on ordering your compliance package and submitting your immunization requirements.
- 2) **OSHA Respirator Medical Evaluation Questionnaire:** Begin by completing the OSHA Respirator Medical Evaluation Questionnaire. Please log in to the Complio ADB immunization tracking system to access the questionnaire. Under the "School of Medicine" section, select the appropriate package and follow the instructions provided in the "OSHA" section.
- 3) **Uploading the Questionnaire:** Once you have completed the questionnaire, please upload it to the Complio system for review and verification. This step is essential for tracking your compliance.

Please ensure that you complete the OSHA Respirator Medical Evaluation Questionnaire and upload it to the Complio system by August 1, 2023. Failure to meet this requirement may result in registration or clinical placement delays. If you have any questions or need further assistance, please visit the [student health website](#). Alternatively, you can contact the Student Health team at 667-214-1883 or send an email to [SHealth@som.umaryland.edu](mailto:SHealth@som.umaryland.edu).
